Why choose a Certified Premium Contractor?

PROFESSIONAL EXPERIENCE

A Malarkey Certified Premium Contractor has a history of installation experience and trained with Malarkey's product specifications. They will offer you peace of mind.

COMMITMENT TO QUALITY

A Malarkey Certified Premium Contractor demonstrates a strong value to quality work while promoting the quality of Malarkey's residential roofing systems.

SUPERIOR PROTECTION

A Certified Premium Contractor can provide you a Secure Choice™ residential roofing system, and ensure your roof meets Malarkey's superior standards.

SECURE CHOICE™ SYSTEM

Make it a Secure Choice™ with Malarkey Supporting Products

1. **Hip and Ridge Shingles:** High-profile ridge EZ-Ridge® (8" and 10") and standard low-profile RidgeFlex® (10" and 12") all feature Scotchgard™ Protector from 3M, NEX® polymer modified asphalt, and a high-performance UL 2218 Class 4 impact resistance rating.
2. **Starter Shingles:** Smart Start® Starter Shingles are specifically designed to increase protection against moisture intrusion and blow-off.
3. **Underlayment:** Offering a range of fiberglass polymer modified asphalt underlayments as well as synthetic products for your roof.
4. **Ice and Water Protection:** Arctic Seal® and Secure Start® HT are very effective as flashing membranes in valleys, rakes, skylights and pipe penetrations.

SAMPLE

CERTIFIED RESIDENTIAL CONTRACTOR MATERIAL AND WORKMANSHIP WARRANTY

Thank you for choosing Malarkey Roofing Products® (Malarkey) shingles for your recent roofing project. Our **Certified Premium Warranty** (the Warranty) is available exclusively through Malarkey's *Certified Contractor Program* and offers customers an enhanced roofing system warranty that is a combination *material* warranty and *workmanship* warranty; you get quality Malarkey products and a warrantied installation.

An eligible *Secure Choice™ Roofing System* (SCRS) consists entirely of Malarkey shingles (see Table 1 for a complete list) and Malarkey accessory products, and shall be installed by a Malarkey *Certified Premium Contractor* using our latest published installation instructions and adopted building code requirements.

Metal flashings and drip edge metal must also be installed. Step flashing is required at intersecting sidewalls, chimney applications, and other vertical transitions. Counter flashing is required per NRCA guidelines where applicable.

THE CERTIFIED PREMIUM WARRANTY: WHO & WHAT IS COVERED

Two distinct types of *housing* are covered under the Warranty:

Single Family, Detached Residences

- A Malarkey SCRS approved for the Warranty comes with a LIMITED LIFETIME WARRANTY against *manufacturing defects* that adversely affect the performance of the roofing system. It is offered to individual homeowners who first had the shingles installed on the single family, detached house they use as their primary residence. "Lifetime" coverage remains in effect as long as the original owner or eligible subsequent owner *maintains as their primary residence*, the house where the Malarkey SCRS was installed.

Other Structures

- Other types of structures excluded from Lifetime coverage include houses no longer maintained by the owner(s) as their primary residence, other residential structures such as duplexes, townhouses, apartment buildings, and condominiums. These structures are only covered against manufacturing defects for forty (40) to fifty (50) years based on the product listed in Table 1.

Note: A *one-time* transfer of the warranty to a second owner is allowed under the program (e.g., following the sale of the house or building). See the *TRANSFERABILITY* section for more information.

RIGHT START™ PERIOD (NON-PRORATED PERIOD)

Malarkey roofing products are manufactured to very high standards, and because of this, every shingle's warranty period (see Table 1 below) includes a *non-prorated* Right Start™ Period that states:

Should any Malarkey component of the SCRS be determined to have manufacturing defects that adversely affect performance of the system, Malarkey will pay the owner or the contractor of the owner's choice the reasonable repair or replacement cost of the affected Malarkey products and their installation (excluding non-Malarkey accessories, metalwork, flashing, et cetera) as determined by Malarkey. The costs for tear-off and disposal of some or all the Malarkey roofing products are included if necessary to repair your roof. Malarkey will not be responsible for the cost of removal and replacement of any rooftop appurtenances or equipment installations in order to conduct repairs for valid claims, such as, but not limited to, solar panels.

Malarkey's maximum liability under this warranty shall not exceed the reasonable cost of replacement Malarkey materials and installation as determined by Malarkey. Given the situation, Malarkey retains the right to fulfill its obligation by providing replacement materials only.

SAMPLE

Malarkey Roofing Products® and related warranties stand with any in the industry. The warranty coverage includes:

- **A non-prorated Right Start™ Period:** Every Malarkey warranty includes a multi-year, non-prorated warranty period designed to protect your shingle investment for years to come. During this period shingles do not depreciate, and you enjoy 100% warranty coverage.

COVERAGE BEYOND THE RIGHT START™ PERIOD

Once the non-prorated Right Start™ Period has passed for *Single Family* structures, if any Malarkey component of the SCRS is found to have manufacturing defects that materially affect performance of the system, the repair or replacement value of those Malarkey components are prorated and retain 20% of their original value.

The non-prorated Right Start™ Period for *Other Structures* is split with the first twenty (20) years being non-prorated and the remainder of the warranty period, prorated. The prorated value is determined by a certain percentage based on the remaining number of months in their warranty (see Table 1, last column).

Any costs in excess of the prorated adjustment are the owner's responsibility. If money was already paid under the warranty, the prorated warranty value will be reduced by that amount.

CONTRACTOR WORKMANSHIP PERIOD

The Warranty also includes *workmanship coverage* for the period listed in Table 1, except for dome-style structures which carry no workmanship coverage. Workmanship includes any aspect of the installation found to adversely affect the performance of the SCRS or cause a leak. The Certified Premium Contractor will warrant the initial five (5) years of installation liability, and Malarkey will cover the balance.

During the *Contractor Workmanship Period*, if any part of the Malarkey SCRS is found to have workmanship defects, Malarkey, at its sole discretion, will arrange to have the roof repaired or re-covered (flashings too, if necessary) and provide a reasonable cost for the labor required to accomplish adequate tear-off, disposal, and replacement.

Malarkey retains the right to fulfill its obligation by providing replacement materials and compensation as defined below, for the reasonable cost of labor and other materials needed to repair or replace your roof, including tear-off and disposal costs.

SYSTEM REQUIREMENTS

The Certified Premium warranty requires Malarkey shingles as well as Malarkey accessory products, including underlayment, starter shingles, and hip and ridge shingles. These qualified, accessory products include:

STARTER SHINGLES	UNDERLAYMENT	ICE AND WATER PROTECTION[+]	HIP AND RIDGE SHINGLES
Smart Start®	Right Start® UDL	Arctic Seal®	10" RidgeFlex®
Windsor® Starter	Secure Start® SG	Secure Start® HT	12" RidgeFlex®
	Secure Start® Plus		EZ-Ridge®
	Secure Start® Permeable		EZ-Ridge® XT
	Arctic Seal® (full deck coverage)		
	Secure Start® HT (full deck coverage)		

[+] Required if code speculates or when ice and water is used in the roofing system.

WIND DAMAGE COVERAGE

Malarkey SCRS's completed by Certified Premium Contractors are also covered against loss from wind damage for fifteen (15) years.

Note: Malarkey's wind warranties apply only when shingles are properly adhered, whether by hand-sealing with asphalt roof cement conforming to ASTM D4586 or by activation of the shingles' self-sealing strips. Malarkey's maximum liability under wind warranties is, at its option, to either repair or replace blown-off shingles (including materials and labor) or be allowed the opportunity to hand-seal (or have hand-sealed) the shingles at our expense.

ALGAE RESISTANCE COVERAGE

The Certified Premium Warranty offers **two levels of coverage** against damage due to **discoloration caused by the development of blue-green algae (primarily the cyanobacteria Gloeocapsa spp):**

SAMPLE

	MALARKEY SHINGLES THAT FEATURE SCOTCHGARD™ PROTECTOR FROM 3M™[1]. (In Table 1's listing of shingles in the first column, note the Scotchgard™ logo next to their names.)	MALARKEY SHINGLES THAT FEATURE *ALGAE RESISTANT* (AR) PROTECTION (Shingles with "AR" next to their name in Table 1)
SHINGLES		
WARRANTY PERIOD	From the date of installation, a SCRS with these shingles has *lifetime* coverage, subject to the conditions and limitations listed below.	From the date of installation, a SCRS with these shingles has ten (10) or fifteen (15) years of coverage (depending on the shingle), subject to the conditions and limitations listed below.
COVERAGE	For the first twenty (20) years from the date of installation, for those shingles that exhibit discoloration due to blue-green algae, we will cover the cost, including labor (as reasonably determined by Malarkey), to repair or replace the *affected* shingles, or simply pay the owner an amount not exceeding the cost of the originally installed, affected shingles.	For the first five (5) years of the AR algae warranty, claims meeting all warranty requirements, Malarkey may, at its discretion, repair or replace the *affected* shingles, or simply pay the owner an amount not exceeding the cost of the originally installed, affected shingles.
PRORATION	After twenty (20) years, Malarkey's maximum repair or replacement payment obligation is *prorated*, based on the number of months elapsed in the warranty period.	After five (5) years, Malarkey's maximum payment is *prorated*, the value determined by a certain percentage based on the remaining number of months in the warranty.
REQUIREMENTS	Malarkey shingle systems with Scotchgard™ Protector also require hip and ridge shingles with algae protection, and both Malarkey's EZ-Ridge® and RidgeFlex® products feature Scotchgard™ Protector.	Malarkey AR shingles also require hip and ridge shingles with algae protection, and both Malarkey's EZ-Ridge® and RidgeFlex® products feature Scotchgard™ Protector.
MAXIMUM LIABILITY	For claims meeting all warranty requirements, Malarkey's maximum liability under this warranty is, at its option, to repair or replace the defective shingles or pay the owner an amount not exceeding the cost of the originally installed, affected shingles.	For claims within the first five (5) years meeting all warranty requirements, Malarkey's maximum liability under this warranty is, at its option, to repair or replace the defective shingles or pay the owner an amount not exceeding the cost of the originally installed, affected shingles. After five (5) years, the payment will be prorated until the end of term listed in Table 1, *Algae Resistance Coverage*. After the warranty period expires, there is no coverage for algae on AR shingles.

[1] Scotchgard, the Scotchgard logo and 3M are trademarks of the 3M Company.

LOW SLOPE WARRANTY COVERAGE

For roofs that include low slope, Malarkey OmniSeal® Roof Systems, up to 10 squares qualify for limited warranty coverage. Specific systems include:

TYPE OF ROOF SYSTEM	MEMBRANES INCLUDED	WARRANTY COVERAGE PERIOD
System A: Two-Ply	Arctic Seal® self-adhering underlayment and OmniSeal® Cap	12 years
System B: Two-Ply	OmniSeal® Ply and OmniSeal® Cap	15 years
System C: Three-Ply	OmniSeal® Base, OmniSeal® Ply, and OmniSeal® Cap	17 years

Warranty coverage begins from the date installation of the membranes is complete and includes any manufacturing defects discovered during the warranty coverage period(s) listed in the table above. The maximum liability will be for materials to replace the covered low slope roof system with the same or similar materials.

Rooftop components that are not part of the low slope membrane application, even if installed at the same time, are not covered by this limited warranty. Such components include but are not limited to:

- The underlying roof deck
- Insulation and related fasteners
- Vapor retarders/barriers and related fasteners
- Assorted metal work: flashing, drains, pitch pans, vents, expansion joints, etc.
- Plastic accessories
- Penetrations like skylights and hatches
- Solar photovoltaic panels
- Roof coatings
- Surfacing, ballast of aggregates/gravel

TRANSFERABILITY

The Certified Premium Warranty can be transferred *once* during the life of the warranty. Malarkey must be notified and a warranty transfer application must be *completed within sixty (60) days* of real estate transfer or warranty becomes void. Transfer information shall include:

- The name, address, and phone of the original holder of the warranty
- The address where the shingles were installed
- The date of the original, completed installation
- The name, address, and phone of the Malarkey Certified Premium Contractor
- Proof of purchase
- The name and address of the new owner
- The date of title transfer

If the transfer takes place within the Right Start™ Period, the eligible new owner is entitled to the balance of Right Start™ Period coverage plus the Contractor Workmanship coverage originally stated in the warranty. Lifetime warranty coverage is transferable as long as the subsequent owner maintains the home as their primary residence.

If the transfer occurs *after* the Right Start™ Period expires, the balance of the warranty is reduced to the earlier of: (1) a five (5) year period after the date of ownership change; or (2) the expiration of the Limited Lifetime Warranty. Should there be a discoverable manufacturing

SAMPLE

defect during this five (5) year period, our obligation to the eligible new owner will be based on the reasonable cost of roofing system replacement, prorated by the duration of use from the original installation date through the date of the claim.

Warranty transfer and payment information can be found online at **www.malarkeyroofing.com/warranties/certified-pro-premium-warranty-transfer-application** or by contacting Malarkey's Warranty Department at (800) 545-1191 or email: **malarkey.warrantyinquiries@amrize.com**.

REQUIRED COMPONENTS, PROCEDURES AND STANDARDS

1. Malarkey Roofing Products® shingles and Malarkey accessory products must be installed on the structure to be eligible for the Certified Premium Warranty.

2. All work must be completed by a Malarkey *Certified Premium Contractor* and installed according to Malarkey's latest published installation instructions and adopted building code.

3. The building structure and roof deck must be sound, comply with all local codes and ordinances, and sufficient to support the weight of the roofing system and transient load during application.

4. The roof deck must be an acceptable substrate:

   a. Sheathing panels shall meet adopted building code requirements and be at least 3/8" (10 mm) thick, exterior-grade plywood or 7/16" (11 mm) oriented strand board (OSB).

      Malarkey requires the installation of sheathing when wood board decking is the existing substrate. Problems with the performance of your roofing system, such as leaks and buckling, increase if installed directly over wood board decks. Failure to use properly conditioned deck materials can result in deck movement, which can damage the roof covering and may void your warranty.

   b. Likewise, sheathing panels should be supported, gapped and securely nailed to all framing members per APA recommendations.

   c. **Installing over existing roofing materials (i.e., re-covering) or deteriorated wood products is not acceptable. A complete tear-off is required.**

5. Besides replacement of warped or rotted decking, repairs are required at other areas of roof that could lead to leaks unrelated to proper installation of the Malarkey roofing system such as deteriorated chimney mortar joints, etc.

6. Application of Arctic Seal® self-adhering membrane is required around sheet metal accessory penetrations, flanges, and flashings.

7. Sheet metal flashing, edge metal, and accessories must be installed at roof intersections, vertical transitions to sidewalls, curbs, and chimneys, and around roof openings. *New/like* new flashings and accessories are required to match the projected life cycle of the roof.

8. Smart Start® starter shingles to be applied to both eave and rake edges of the roof.

9. Coverage will not take effect until all payments relative to this warranty have been paid in full to Malarkey, the certified contractor, and material supplier, including costs for warranty registration, installation, supplies, etc.

10. Warranty registration requires proof of purchase.

11. Warranty must be purchased and registered by certified contractor within forty-five (45) days of installation.

EXCLUSIONS

The Certified Premium Warranty covers *defects in manufacturing and workmanship*. It includes the Malarkey roofing shingles listed in Table 1 and related accessories sold and installed in the U.S. and Canada. Warranty claims that Malarkey determines are cosmetic in nature *are not* considered manufacturing defects. The warranty does not cover other products such as flashing and metal work or damage to shingles attributable in whole or in part to other causes including, but not limited to:

- Installation by a contractor other than a *Malarkey Certified Premium Contractor*
- Improper ventilation
- Improper transportation, storage, or handling of shingles and/or accessories
- Defects in, or failure of, flashing or metal material used as a roof face over which shingles are applied
- Penetrations of the roofing system for installation of rooftop appurtenances (solar panels, satellite dishes, stovepipes, etc.), structural changes, or other alterations to the roof after application of the shingles
- Traffic on the roof for any reason (equipment installation/removal, moss and debris removal, gutter cleaning, etc.)
- Settlement, movement, distortion, failure or cracking of the roof decks, walls or foundations of the building
- Damage to shingles, roof deck, or structure due to ice damming or water backup
- Variation in color (shading) which may occur from the positioning of colored granules on the shingles. Shading or discoloration of shingles or ridges due to algae (excluding AR or Scotchgard™ shingles as described in the *ALGAE RESISTANCE COVERAGE* section)
- Deterioration or distortion caused by power washing, moss, mold, mildew, or other vegetation, animal droppings/leavings, organic compounds, paints, chemicals, or similar materials
- Granule sloughing due to excessive granules on the shingles
- Impact of foreign objects
- Violent or unusual weather conditions, such as flooding, hurricanes, tornadoes, hailstorms, winds in excess of Wind Speed Limits (Table 1), or other force majeure events
- Fire, acts of vandalism, and other, similar occurrences

Note: Malarkey continually strives to improve shingle durability and enhance our product line. In support of this, Malarkey reserves the right to discontinue or modify any of its products, including the color blend of shingles, without notice to the owner and shall not be liable to the owner as a result of this modification or discontinuance. If your shingles are no longer available, Malarkey reserves the right to provide you with substitute shingles comparable in quality, price and color to your original shingles.

REGISTRATION

Warranties must be filed online by your Malarkey Certified Roofing Contractor. The warranty registration fee, which will be quoted by

SAMPLE

your contractor, is payable in US dollars. Malarkey is not responsible for any additional bank fees, taxes or transactions that have been implemented by your banking institution. Please contact your local customs office or banking institutions should you have any questions.

CANADA ONLY: If you would like to pay via business cheque, please mail your payment (business cheque) to the Malarkey Corporate office Attn: Warranty Services Department.

COMPENSATION

Malarkey may, at its sole discretion under this Certified Premium Warranty, either: (1) issue a combination of cash and/or material credit to an existing supplier of Malarkey roofing materials; or (2) provide replacement materials only. The prorated material costs will be determined by time of use and the original cost of the SCRS at the time of original purchase.

CLAIMS PROCEDURE

1. Warranty claims shall be made in writing by certified or registered mail (or email) and accompanied by proof of purchase. Warranty claims must be made within thirty (30) days of discovery and prior to any permanent repairs being made.

   Malarkey Warranty Services Department
   P.O. Box 17217
   Portland, OR 97217
   malarkey.warrantyinquiries@amrize.com

2. Malarkey will be given the opportunity to inspect the roof and be provided with samples before any steps are taken to repair the roof.

3. After verification, if roofing materials or workmanship are defective, Malarkey will perform its obligations under this warranty. Any cost in excess of the prorated adjustment if loss is discovered after the non-prorated Right Start™ Period will be the owner's responsibility.

SOLE AND EXCLUSIVE WARRANTY

THIS LIMITED WARRANTY IS THE ONLY EXPRESS AND/OR IMPLIED WARRANTY MADE BY MALARKEY IN CONNECTION WITH THE SALE OF ITS PRODUCTS. THE TERMS AND CONDITIONS CONTAINED HEREIN CONSTITUTE THE ENTIRETY OF YOUR LIMITED WARRANTY, REGARDLESS OF ANY FUTURE REVISIONS OF WARRANTY TERMS FOR LATER-INSTALLED SHINGLES.

NO REPRESENTATIVE OF MALARKEY OR ANY OTHER PERSON HAS ANY AUTHORITY WHATSOEVER TO ACCEPT FROM OR FOR MALARKEY, ANY ADDITIONAL OR DIFFERENT LIABILITY OR RESPONSIBILITY FOR MALARKEY PRODUCTS. NO SAMPLE WARRANTY AVAILABLE ON MALARKEY'S WEBSITE OR ELSEWHERE WHOSE TERMS AND CONDITIONS DIFFER FROM THOSE CONTAINED HEREIN WILL BE APPLICABLE TO YOUR SHINGLES.

MALARKEY SHALL NOT BE LIABLE FOR DAMAGE TO ANY BUILDING OR CONTENTS OR INJURY TO PERSONS OR FOR ANY CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF THE WARRANTY OR ANY OTHER WARRANTY OR CONDITION, IMPLIED BY LAW OR OTHERWISE, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS. SOME STATES AND PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES; THIS EXCLUSION MAY NOT BE APPLICABLE IN ALL STATES AND PROVINCES. THIS WARRANTY GIVES SPECIFIC LEGAL RIGHTS; THERE MAY BE OTHER RIGHTS THAT VARY STATE TO STATE AND PROVINCE TO PROVINCE.

THE PARTIES AGREE THAT ANY CLAIM, DISPUTE, OR CONTROVERSY RELATING TO OR ARISING FROM THIS WARRANTY SHALL BE SUBMITTED TO BINDING ARBITRATION UNDER THE RULES OF THE AMERICAN ARBITRATION ASSOCIATION (OR OTHER MUTUALLY ACCEPTABLE ARBITRATOR) THEN IN EFFECT. The expenses of the arbitration shall be allocated among the parties by the arbitrator(s) as part of the award, which shall include the prevailing party's reasonable attorneys' fees and costs, including expert fees. THIS IS A BINDING ARBITRATION PROVISION THAT MAY BE ENFORCED BY THE PARTIES.

This warranty is enforceable only by the original owner named below or the eligible new owner who has filed a timely warranty transfer request and received confirmation from Malarkey the transfer was accepted.

This Certified Premium Warranty will not be valid until the Certified Premium Contractor who installed the roof completes the WARRANTY REGISTRATION online at **www.malarkeyroofing.com**, and the warranty has been accepted by Malarkey Roofing Products.

The owner and eligible new owner should retain all documents and proofs of purchase of Malarkey products for submission to Malarkey should a claim arise.

If you have questions about warranty coverage, contact your roofing contractor, Certified Premium sales representative, or Malarkey's Warranty Department by phone at (800) 545-1191 or email: **malarkey.warrantyinquiries@amrize.com**.
